“ In 2018 I got a metal detector and uncle Ernie knew that I was into metal detecting at that time.and I had mentioned it to him. Next thing I know he bought me a book about metal detecting ,A day after his passing. I came across that book ,I haven't looked at it since 2018 . I opened the first page and Pine had wrote in the book “You don't think uncle Ernie listens to you well he does listen to you and he loves you love, uncle Ernie and Pine” I love you both love Elaine Patrignani
