“ Hi Jimmy,
It's your friend Thai. I hope you're doing okay. I did a speech today and I mentioned about the value you have taught me. When I was outlining my speech, it made me reminisce so many times we all had together. I mentioned how you taught me the value of positivity. I'll be honest, that was probably most confident and fluent speech I did in front of the class before. I'm grateful and happy I was able to share my story with the amazing people I have in my life. I'm happy I was able to tell others about how you inspired and impacted me. I love you brother and I hope you know I cared about you so much. Thank you for everything Jimmy that you brought to the world.

“ Jimmy,

We miss you so much. Most of us still can't believe that you're really gone. It was only a month ago that we were all together in Vegas, celebrating your birthday. I hope you know just how much we love you. Your abrupt departure has left us all with a deep hole in our lives that we'll never be able to fill. We're always thinking of you and how to honor you in everything that we do. They say that as long as we remember a person, they're not really gone. Their thoughts, their feelings, their memories, they become a part of us. You are forever a part of us.
