“ My mom was the most kindest, compassionate, big hearted people I know. She always wanted to help whether is was animals or people. She was very passionate about her job as a Pilates instructor and really treated her clients like family and cared about them so much. She loved animals and did just about anything for her dogs. She loved the color yellow, sunflowers, the beach, arts and crafts, painting and so much more. She always wanted to help even on thanksgiving and Christmas she would encourage we feed the homeless or go out and give care baskets to them in downtown San Jose. I couldn't have asked for a better mother she was truly my best friend and my number one supporter. She was truly a ray of sunshine and not a day goes that I don't miss her. Her smile could light up a whole room on the darkest of days. I love you so much mom and wish you peace and happiness.

Jenna, sorry for your loss. I miss your mom a lot! I really loved her and her joyful nature. We had many laughs and some tears as well together. She always was a bright part of any day I was blessed to see or hear from her. Reach out to me if you'd like ... it's been a minute!! You can message me, I'm on FB and IG.
Love you, Stacie Hansen

Jenna, sorry for your loss.
I only recently reconnected with your Mom a little over a year ago. I was so looking forward to catching up.
I will try to find some photos of when we met in Europe or when she visited my family in Toronto Canada and try to send them to you.
Glenn.
