“ *My Dearest Sissy, I am sorry to have just found on today 3/10/2024 that you have transitioned into heaven. It is with deep sadness that I offer your family my condolences. I have such fond memories of visiting with you my dear cousin in San Jose back in 1980. I often think of the good times that you and your family came to Hamilton to spend time with your Dad and our family. Having lost my own Mother in 2022, I know exactly what your children (my cousins) are going through. I am very sorry that I could not be at your home going. Will always cherish great memories of you, Sissy.(Sandra)*
Much Love

“ Remembering “Mom”

We were so very lucky to have had Sandy “Mom” in our lives. As an orphaned young adult, she took me in and was mom to me from thereafter. She was the nicest and sweetest person I ever met, and accepted me, my friends, and my family into the fold with a welcoming smile. I can hear her sweet voice calling me “Rooney”, her nickname for me. As an avid sports fan, I could always count on a phone call from her during and after big games to rehash the highs and lows. We watched many a Raider game at her house and she never let me forget about the time I threw my brand new Raider ballcap into her fireplace after they lost yet another big game. After Melissa and I got married and started a family of our own, she included us in her family events and holidays, always making us feel as special to her as she was to us. She was the only one we trusted to watch our kids, Jeremy and Malia, when they were babies. Sadly, our Jeremy was taken from us way too soon, but we always loved hearing her reminisce about the times she would feed him mangos and dance with him in her kitchen. Sandy was always there for me, and I will miss our regular phone calls where we would talk for hours catching up about family, politics, current events, and sports. She had the biggest heart, the warmest smile, and the most amazing ability to care for so many people just like they were family. We were blessed to have “mom” in our lives and in our family and while we will miss her more than words can express, we are comforted in knowing she is at peace in heaven, dancing and eating Mangoes with Jeremy.

“ *Sandra I'm going to miss our frequent talks. I was planning to come back to San Jose next summer when my husband was stronger. I know you are no longer tired or in pain. I know you are singing and shouting with both our parents and grandparents and all the cousins. God needed you to be in his heavenly bouquet. I love you much. Kiss everyone for me. ❤️🙏❤️*
