“ Hi Mom, I'm still having a hard time without you. It's been nine months to the day and it feels like yesterday you passed. I spent time with Mike this weekend you came up a few times and we both laughed and reminisced about some things we remembered about you. I did not let him see me cry, but we both are having a hard time. He's stronger than me, at least he tries to make me think he is because he doesn't let me see him when he is sad.

I just want you to know that I miss you and love you.. I'm trying to do good by you and make you proud of me.

Someday the truth will come out about everything. I will always honor you AND the truth. No secrets ever!!

Love you MOM.. 🦋❤️👉🥰💕😭🕊️✝️

“ Hi mom, I just want you to know that I love you very much and I miss you dearly, you are on my mind always and in my heart. You were right when you told my Mike that I was going to have a hard time, and I definitely am and yes he is there when I need to talk, it is not the same cause you are my person. We didn't have a perfect mother and daughter relationship but I know I was loved very much by you, as we all were. I miss you all day everyday...

Until we meet again you will be my angel watching over me, and when you do see me, doing something that you don't like just slap me in the back of the head or pull my hair, give me a sign. 😂 I love you mom ❤️❤️
